

School of Medicine

Center for Molecular Medicine and Genetics

Division of Clinical Genetics

WSU Genetic Counseling Graduate Program 2023 Virtual Open Houses

June 16, 2023 OR August 11, 2023

Objectives:

- ⇒ Learn about the profession through case presentations and genetic counselor professional experiences
- ⇒ Identify strategies for developing a strong application
- ⇒ Interact with practicing genetic counselors, students and program faculty

- 11:00-12:00pm** Program overview, building a competitive application. *Meet the program directors and learn tips about applying to programs.*
- 12:15-2:00pm** Genetic counseling case presentations. *Walk through real cases with genetic counselors practicing in a variety of specialties.*
- 2:15-2:45pm** Meet a Genetic Counseling Student. *Speak with a genetic counseling student in a small group setting.*
- 2:45-4:00pm** Genetic Counseling Roles in Industry. *Learn the various ways that genetic counselors work in non-direct patient care environments.*

Register in advance for either June 16 OR August 11
